

Surname: Alizadeh

First name: Yousef

Sex: male

Birth Date& place of birth: 1959 Rasht, Iran

Marital Status: Married

Address: Amiralmomenin, Hospital, Medical school, Guilan Medical science
university,Rasht, Iran

Email: ysf_alizadeh@yahoo.com

Education

1985-1976 Doctor of Medicine (M. D), with honor : Shiraz University Of
Medical science

1992-1989 Resident of Ophthalmology, with honor: Shiraz University Of
Medical Sciences,

2005-2003 Fellowship of Retina: Tehran University Of Medical Science

Presentation and congress

1-Eye trauma, Trauma Seminar: Rasht, 1381

2- The role of oxygen therapy in the development of ROP, Updates On ROP at
Farabi Hospital: Tehran, 1383

3- OCT in macular diseases, Updates On Ophthalmology Seminar: Shiraz, 1383

- 4- Macular cystoid edema after cataract surgery, Phacoemulsification seminar, Emam Hossein University: Tehran, 1384
- 5- Drug treatment of endophthalmitis, Updates On Endophthalmitis seminar, Rasul hospital: Tehran, 1384
- 6-Corneal Collagen Cross-Linking in Advanced Keratoconus, XXVII Annual Congress of Iranian Society Of Ophthalmology, December 2017, Razi Convention Center
- 7-Applicability of Screening Criteria Recommended by the Iran Ministry of Health in Diagnosis of ROP7-Patients Requiring Treatment in Guilan Province of Iran, XXVII Annual Congress of Iranian Society Of Ophthalmology, December 2017, Razi Convention Center
- 8-Intravitreal Injection of Anti-vascular Endothelial Growth Factor for Ocular Vascular Diseases: Clinical Practice, XXVII Annual Congress of Iranian Society Of Ophthalmology, December 2017, Razi Convention Center
- 9-Survey the Effect of Strabismus Surgery on Lid Fissure Height, XXVII Annual Congress of Iranian Society Of Ophthalmology, December 2017, Razi Convention Center
- 10-Management of Intermittent Exotropia with Overcorrecting Minus Lens Therapy in Children Under 7 Years Old, XXVII Annual Congress of Iranian Society Of Ophthalmology, December 2017, Razi Convention Center
- 11-The effect of pregnancy on choroidal thickness in normal pregnant women, XXVIII Annual Congress of Iranian Society Of Ophthalmology, November2018,Tehran
- 12-The epidemiological characteristics of patients with thyroid disease in a referral center in Northern Iran, XXVIII Annual Congress of Iranian Society of Ophthalmology, November2018, Tehran
- 13-Frequency of nasolacrimal duct obstruction in patients undergoing cataract surgery, according to irrigation test and dye disappearance test, XXVIII Annual Congress of Iranian Society of Ophthalmology, November2018, Tehran

14-Evaluation of keratoconus severity with pachymetric progression indexes of pentacam, XXVIII Annual Congress of Iranian Society Of Ophthalmology, November 2018, Tehran

15-Review the frequency of ophthalmologists and optometrists opinions about treatment of, amblyopia in Guilan province in 2018, XXIX Annual congress of the Iranian society of ophthalmology, November 2019, Mashhad-Iran

16-Survey of the strabismus surgery on lid fissure alteration, XXIX Annual congress of the Iranian society of ophthalmology, November 2019, Mashhad-Iran

17-Factors associated with treatment failure of anisometric amblyopia, XXIX Annual congress of the Iranian society of ophthalmology, November 2019, Mashhad-Iran

18-Can we predict patients' cooperation during phacoemulsification surgery under topical anesthesia? XXIX Annual congress of the Iranian society of ophthalmology, November 2019, Mashhad-Iran

19-Evaluation of nasolacrimal duct obstruction frequency in patients undergoing cataract surgery, XXIX Annual congress of the Iranian society of ophthalmology, November 2019, Mashhad-Iran

Thesis with medical students

1-Comparison of Surgical Outcomes of phacoviscocanalostomy versus viscocanalostomy in primary open-angle glaucoma in Amir Al-momenin eye hospital of Gilan between 2018 and 2019.

2- Evaluation of topical cyclosporine 0.05% impact on the pterygium recurrence in patients who were undergoing pterygium surgery in Amiralmomenin Hospital, Raht, 2019-2020.

3-- A study on the knowledge of general practitioners regarding direct ophthalmoscope and its practice in Rasht 2019

4- Evaluation of occult macular diseases prior to cataract surgery by macular Spectral Domain-Optical Coherence Tomography in patients who attend Amiralmomenin Hospital in Rasht from 2018 to 2019

5- Effect of atropine 0.1% & 0.01% eye drops in natural course of myopia progression in Children with 6 to 18 year olds (Sabnan, Residency)

6- The survey of potential drug-drug interaction in old glaucomatous patients referred to Rasht Amiralmomenin hospital 2019-2020.

7- Predictive role of OCT biomarkers in treatment of the diabetic macular edema after intravitreal injection of Avastin (Bevacizumab)

8- Study of preoperative orbital CT scan findings in patient with nasolacrimal duct obstruction that refer to orbit clinic of Amiralmomenin hospital in 97-98 (Khadem, Residency)

9- Comparison of Surgical Outcomes of phacoviscocanalostomy in pseudoexfoliation glaucoma and primary open-angle glaucoma in Amir Al-momenin eye hospital of Gilan between 2018 and 2019

10- Evaluation of the frequency of ocular manifestations and its associated factors in patients with psoriasis, referred to Razi hospital, Rasht, from 2017 to 2018

11- Study of the effect of pregnancy on choroidal thickness in normal pregnant females referred to educational-medical center of Al-Zahra in Rasht

12- Evaluation of Keratoconus disease progression in patients aged below 25, who did not undergo Collagen crosslink (CXL) surgery from year 2014- 2016 in Amir-Al-momenin Hospital of Rasht

13- Evaluation of normal choroidal thickness in terms of age in Rasht using EDI-OCT imaging

14- Evaluation of Keratoconus Severity with Pachymetric Indexes Measured by Pentacam in Year 2014 in Amir-Al-Momenin Hospital of Rasht

15- Diagnostic assessment of screening criteria recommended by the Ministry of Health

in the diagnosis of ROP patients requiring treatment in Educational Therapeutical center of Amir-al-Momenin in Rasht
